Mayor's Office of Employment Development (MOED) – Modification No. 1 to Notice of Grant Award (NGA)

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize acceptance of Modification No. 1 to the NGA for the initial Grant Award (P06-BCI-FY20-NDWG), from the Maryland Department of Labor (MDL). The period of the NGA is June 1, 2020 through December 31, 2021.

#### **AMOUNT OF MONEY AND SOURCE:**

\$125,000.00 – 4000-439020-6312-817005-404001

#### **BACKGROUND/EXPLANATION:**

On July 29, 2020, the Board approved acceptance of the initial Grant Award, in the amount of \$175,000.00, from the MDL to assist the City in its response to COVID-19. The goal was to train targeted individuals to become Community Health Workers who would subsequently transition to unsubsidized employment.

The purpose of this Modification No. 1 is for the Board to accept the award of an additional \$125,000.00 from the MDL, making the total amount of the award \$300,000.00. These additional funds will augment Baltimore City's continuing response to COVID-19.

The City has formed the Baltimore Health Corps, whose mission is to efficiently connect people impacted by COVID-19 to the resources and social support they need while expanding the City's capacity to track the spread of the disease and keep residents employed. The Department's role, in partnership with Baltimore City Health Department, is to train 50 eligible participants as Community Health Workers (CHW) in subsidized work in high demand tracks or disaster relief employment that will lead to meaningful immediate employment and to connect impacted workers to Contact Tracker training provided by Baltimore Alliance for Careers in Healthcare to build skills.

The project will provide an MOED Career Navigator who will guide and support the CHW as they transition to unsubsidized employment. Excluding the increase of grant funds by \$125,000.00, all other terms and conditions remain unchanged.

The Modification No. 1 NGA is late because additional time was required to reach a comprehensive understanding between the parties.

#### Department of Law – MBE/WBE Program Size Standard and Graduation Annual Review

---

#### **ACTION REQUESTED OF B/E:**

The Board is requested to annually review the approved maximum size standards for minority and women-owned firms that are authorized to do business with the City as part of its MBE/WBE Program. A size standard sets the capacity of a for-profit firm more than which, after a period, the firm cannot retain its eligibility to participate in the MBE/WBE Program.

#### **AMOUNT OF MONEY AND SOURCE:**

Not Applicable

#### **BACKGROUND/EXPLANATION:**

In accordance with Article 5 §28-80 of the Baltimore City Code, with the advice of the Minority and Women's Business Opportunity Office, the Board of Estimates approved the establishment of the maximum size standards for minority and women's business enterprises in April 2019. This approved adoption of the U.S. Small Business Administration (SBA) Size Standards is still effective and utilized by the Minority and Women's Business Opportunity Office for the MBE/WBE Program.

The recommendation is for the Board of Estimates to approve the continued use of the U.S. SBA Size Standards defined in 13 Code of Federal Regulations (C.F.R.) Part 121, the August 2019 Version, which is the current reference provided by North American Industry Classification System Codes based on dollar amounts or number of employees. Size determinations are based on a three-year average of a firm's annual gross receipts or the number of a firm's employees in the preceding 12 months. This size determination also includes multiple certified firms with same ownership that incorporates its annual gross receipts or number of employees on the same US Federal Tax filing.

When a certified MBE meets or exceeds the small business size standards specified in 13 CFR Part 121, as amended, which is incorporated by reference, the MBE is no longer eligible to participate in a procurement as a certified MBE. This is considered the graduation of a MBE firm marked for a period based on the three-year average of the firm's annual gross receipts or number of employees. The MBE is still eligible for credit towards an MBE goal under a contract entered into when the MBE was eligible and certified. Ineligibility of an MBE to participate in the MBE program may not be the sole cause of the termination of the MBE contractual relationship for the remainder of the term of the contract.

## AGENDA

### BOARD OF ESTIMATES

5/12/2021

#### Department of Law – cont'd

If, after the three years (or after graduation which is a three-year period), the MBE again becomes qualified under the small business size standards specified, the MBE may reapply as a potential new firm through the standard certification process. If, after 3 years of nonparticipation the MBE continues to meet or exceed the small business size standards, the MBE is considered to have graduated and will no longer be certified.

Annual gross receipts or sales will be as defined by the United States Internal Revenue Service and will be determined by reviewing federal tax returns.

Effective immediately, if an applicant exceeds the size standards for a particular industry, it is not eligible for certification in that industry even though the firm may be owned and controlled by minorities or women.

The established size standards and general policy will continue in effect and be re-evaluated annually as established in Article 5 §28-80 (a)(3) of the Baltimore City Code.

Board of Municipal and Zoning Appeals (BMZA) – Fees for Zoning Appeals Applications

### **ACTION REQUESTED OF B/E:**

The Board is requested to approve the levels of fees associated with filing and hearing of appeals before the Board of Municipal and Zoning Appeals (BMZA).

### **AMOUNT OF MONEY AND SOURCE:**

N/A

### **BACKGROUND/EXPLANATION:**

Article 32, Section 3-202 of the City Code vests the MBZA with the authority to set fees for filing and hearing appeals, granting variances, and for the various other functions required or authorized by Article 32. Once the BMZA determines the fee structure the Code requires approval of the fee structure by the Board of Estimates.

The current BMZA appeal fee structure has not been reviewed or updated in many years. In comparing Baltimore City's current fees to neighboring jurisdictions, the current fees are significantly lower by appeal type than Howard County and Baltimore County and slightly lower than Anne Arundel. Baltimore City's BMZA handles a much larger docket than several of its neighbors. Increasing the fee structure will better reflect the time and work put in by employees of the three City agencies involved in processing the applications, but will still set a reasonable cost level for those requiring the Board's approval.

In addition, the current fee structure contains a "subjective" component for variance applications requiring staff to conduct a threshold review and assess a fee related to an estimated time spent conducting a full review of the application by staff. This subjective review is an unnecessary step in application processing, which causes confusion by the applicant as to what fee they must pay and ultimately causes a delay in application processing.

During its general meeting on April 7, 2021, the BMZA reviewed a proposed new fee structure and agreed to implement the following changes:

#### Baltimore Police Department – Grant Award

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize acceptance of a Grant Award from the U.S. Department of Justice for the Focused Deterrence Project, Award number 2020-PB-BX-0009. The period of the grant award is October 1, 2020 through September 30, 2023.

#### **AMOUNT OF MONEY AND SOURCE:**

\$230,000.00 - 4000-446221-2021-212800-404001

#### **BACKGROUND/EXPLANATION:**

On November 2, 2020, the Department was awarded Baltimore Police Department's Focused Deterrence Project, Award number 2020-PB-BX-0009. On January 22, 2021 the award was accepted on an electronic Grants Management System (JustGrants), which timestamps the acceptance in the system, in lieu of a signature. The award addresses the crisis of youth homicide, the Baltimore Police Department (BPD) recently released its Crime Reduction and Departmental Transformation Plan.

The Plan is a comprehensive violence reduction strategy that includes the relaunch of a well-researched and properly-resourced focused deterrence initiative (FDI). FDI brings together local and federal law enforcement partners, including the USAO, community members and social service partners with the goal of reducing homicides and non-fatal shootings by at least 10% per year.

FDI aims to improve life outcomes and reduce recidivism rates for youth at the highest risk of engaging in serious violence and to build better relationships between the community and police. It is anticipated the initiative will focus overwhelmingly on communities in Baltimore's historically impoverished and disinvested Eastern, Western and Southwestern police districts, which collectively account for roughly 50% of the City's youth homicides.

Grant funds will be used to hire and retain a full-time, dedicated crime analyst to lead day-to-day data analysis on project activities and implementation. The analyst will be integral in delivering on the full promise of the FDI intervention by assessing progress

#### Department of Recreation and Parks (BCRP) – Mutual Termination Agreement

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Mutual Termination Agreement between C&N Associates, LLC and the Mayor and City Council of Baltimore City, acting through the Department of Recreation and Parks. The Mutual Termination Agreement is effective upon Board approval.

#### **AMOUNT OF MONEY AND SOURCE:**

\$34,878.31 – 9938-907075-9474-900000-706063

#### **BACKGROUND/EXPLANATION:**

On October 31, 2018, the Board approved the award of RP17821 Druid Hill Comfort Station Grove #3, with an expiration date of December 4, 2019. At the inception of the project, a potential powerline hazard in the work area was discovered, leading to an extended stoppage to investigate. There is an existing transformer at the site, within the dripline of an old tree that Forestry and Tree Services seeks to preserve. The proposed underground connection to the anticipated building from the existing transformer would most likely kill the tree because the root system of the tree would need to be trimmed. To save the tree, the BCRP has asked BGE to relocate the transformer from the existing south side to the north side of the site. Therefore, no obstructions would go to the proposed building from the new transformer. The new design affects the existing Civil and Electrical drawings.

Due to the extended delay in the inception of the project and the potential powerline hazard, BCRP and C&N Associates, LLC have mutually agreed to terminate the contract. The Department agrees to pay C&N Associates, LLC a total of \$34, 878.31

**BACKGROUND/EXPLANATION:**

Irene Agustin currently resides in Oakland, California. Her position would require her to relocate to Baltimore from Oakland, CA.

AM 200-3 establishes the requirements for providing financial assistance to new employees who have been approved for monies to minimize the costs of their move to start their new job. More specifically, the Policy establishes responsibility for certain moving expenses, when an individual is moving personal belongings and/or family to assume a position with the City. Under no circumstances will the City consider or approve reimbursement of moving expenses unless the charges are approved by the Board of Estimates (BOE) in advance.

The Policy further requires the new employee to submit two estimates of the move costs. Such cost estimates must detail the scope of the estimate, i.e., move is limited to costs of personal belongings. The BOE, shall, at its own discretion, stipulate the amount of moving expenses to be covered in its approval.

Ms. Agustin timely submitted three estimates for moving expenses. She selected the lowest estimates submitted by U-Pack and Moving Staffers in the total amount of \$6,550.00. With the selection of U-Pack and Moving Staffers, temporary street permits through the City of Oakland will be required for a cost of \$325.89.
