#### City Council – Governmental/Charitable Solicitation

#### **ACTION REQUESTED OF B/E:**

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow Councilmember Zeke Cohen and staff to solicit donations to support the continuation of the Experience Corps program, including support for staff headcount, programming, volunteer stipends and expenses related to re-scaling the program. The period of the campaign is effective upon Board approval through August 10, 2023.

#### **AMOUNT OF MONEY AND SOURCE:**

No general funds will be used.

#### **BACKGROUND/EXPLANATION:**

Donations will be solicited from Baltimore businesses, civic leaders, the foundation community, and the general population. A potential donor list will be composed of individuals, organizations, businesses, and foundations that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board of Estimates will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as the other potential donors.

AARP Foundation Experience Corps directly supports elementary schools in Baltimore City Public Schools by pairing volunteer residents, age 50 and older. Experience Corps is a community-based volunteer program that empowers people over 50 to serve as tutors to help students become better readers by the end of third grade. It is a proven “triple win,” helping students succeed, older adults thrive, and communities grow stronger.

In March 2022, AARP Foundation announced that it would no longer be able to provide funding for the program’s implementation or support staff in Baltimore. In July 2022, AARP Foundation committed to finding a new partner for the local chapter of Experience Corps, one that will fund support staff and programming, effective January 2023.

Councilmember Cohen and his staff intend to raise \$500,000.00 or more in this campaign. These funds will defray costs for the umbrella organization which absorbs the Experience Corps program to pay the necessary support staff, volunteer stipends and other costs associated with the program.

#### City Council – Governmental/Charitable Solicitation

#### **ACTION REQUESTED OF B/E:**

The Board is requested to endorse a Governmental/Charitable Solicitation Application for submission to the Board of Ethics of Baltimore City to allow Councilmember Zeke Cohen and staff to solicit donations to support the creation of an Office of Aging, including support for staff headcount and programming. The period of the campaign is effective upon Board approval to August 10, 2023.

#### **AMOUNT OF MONEY AND SOURCE:**

No general funds will be used.

#### **BACKGROUND/EXPLANATION:**

Donations will be solicited from Baltimore businesses, civic leaders, the foundation community, and the general population. A potential donor list will be composed of individuals, organizations, businesses, and foundations that contribute to the economic, social, and cultural vitality of Baltimore City. Most of the individual and corporate entities fitting that description are not controlled donors. However, those potential donors who are controlled donors with respect to the City Council or the Board of Estimates will not be targeted or singled out in any way and will be solicited, if at all, in the same manner as the other potential donors.

The Office of Aging is a pending office within the Mayor's Office that will directly support Baltimore City residents, age 65 and older. The Office of Aging will be an independent agency including a Director of the Office and providing for the appointment, structure, and governance of a Commission on Aging. This office will evaluate the service needs of older individuals in the city, determine the extent to which existing public and private programs meet their needs, establish priorities, and coordinate, assess, evaluate and educate the public and professionals about programs and services important to the well-being of older adults, as well as other duties.

In recent years, much of the support for older adults has been based out of the Baltimore City Department of Health within the Area Agency on Aging. This agency is mandated to coordinate assistance of services to support older adults, with a mission of supporting them to remain healthy and independent. That Area Agency has had noted limitations, and so the Office of Aging will support interagency collaboration across a variety of areas including housing, public health, employment, transportation and education.

#### City Council – cont'd

Historically, a limiting factor for the Area Agency on Aging has been limited funding for programming.

Councilmember Cohen and his staff intend to raise \$500,000.00 or more in this campaign. These funds will pay to support the hiring of a Director of Aging and additional staff, as well as to support a variety of programming and/or grants for older adults throughout the year.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit certain solicitations that are for the benefit of an official governmental program or activity, or a City endorsed charitable function or activity. ##### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of an ET3 Provider Participation Agreement with Tuerk House, Inc. ##### **AMOUNT OF MONEY AND SOURCE:**

##### **BACKGROUND/EXPLANATION:**

The original agreement with the CMS for its Emergency Triage, Treat, and Transport (ET3) Model was approved by the Board on November 18, 2020. It requires that the Department have agreements with the approved participants for service.

This agreement with Tuerk House, Inc. allows Tuerk House, Inc. as a Provider Participant to collaborate with the Fire Department's ET3 Program and to treat and bill for the patient services as an approved alternate destination partner. Tuerk House as the Provider Participant understands that no compensation will occur between the Participants pursuant to this Agreement, but they do agree to exchange patient billing information as allowable by state and federal law so that their patients' insurers may be billed.

The CMS ET3 Program increases access to health care services for the medically and socially underserved, thereby reducing inappropriate usage of the emergency department and ambulance services, and preventing hospital readmissions. The targeted population will be provided education, resources, and other available supports to empower individuals with the opportunities available to improve their quality of life.

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Settlement Agreement and Release of a lawsuit filed against Baltimore Police Department Officer Clement Adrian Martin John for injuries arising from a pedestrian accident, when he struck a pedestrian alighting from a parked vehicle, while operating a City-owned vehicle in the 3200 block of Carlisle Avenue on July 4, 2016.

#### **AMOUNT OF MONEY AND SOURCE:**

\$80,000.00 - 2036-000000-1752-175200-603070

#### **BACKGROUND/EXPLANATION:**

On July 4, 2016, at 11:47 pm, Plaintiff Dante Royal was standing in the roadway behind his partially open driver's door of his vehicle parked against the north curb of Carlisle Ave. A marked police cruiser owned by the City and operated by Defendant BPD officer Clement John, was traveling eastbound in the middle of the roadway in 3200 block of Carlisle Ave. When the City vehicle reached Plaintiff's vehicle, the driver's door swung open, bounced off the bumper of the passing City vehicle and struck Plaintiff causing tears in the medial collateral ligament and the proximal patellar tendon, tear of his right knee as well as tears of the rotator cuff and the posterior glenoid labral cartilage of his right shoulder.

Plaintiff sustained serious and objective injuries, ongoing pain, incurred medical costs and lost wages (having missed 77 days of work) totaling approximately \$35,291.74. Plaintiff's injuries to his right knee and shoulder are permanent.

After a four-day jury trial in the Circuit Court for Baltimore City, the jury was unable to reach a verdict.

In light of the legal and factual issues, the objective permanent injuries suffered by Plaintiff and the risks of a retrial, the proposed settlement is in the best interests of the City.

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve a Governmental/Charitable Solicitation to support the Office of Equity and Civil Rights' (OECR's) "30<sup>th</sup> Civil Rights Breakfast" and "Civil Rights Week 2022" Programming and Activities. Following Board approval, fundraising will begin on or about September 1, 2022, and conclude November 30, 2022.

#### **AMOUNT OF MONEY AND SOURCE:**

N/A, as no general funds will be used.

#### **BACKGROUND/EXPLANATION:**

The purpose of this submission is to request permission to solicit contributions in support of the OECR's 30<sup>th</sup> Annual Civil Rights Breakfast, and the Second Annual Civil Rights Week programming. The "29<sup>th</sup> Annual Civil Rights Breakfast and Gala" was held in 2020. Due to the ongoing impact of the global COVID19 pandemic, there was no event in 2021. The OECR is excited to host the event, in person, in November 2022. The Civil Rights Breakfast is the only fundraising event undertaken by the OECR.

Donations will be solicited from Baltimore and National businesses, individuals, civic leaders, organizations, the foundation community, and the general population. A disclaimer statement regarding the non-binding impact of contributions to the OECR for favorable treatment based on providing contributions/gifts will be included in all correspondence as well as any other documents needed, consistent with the legal guidelines provided by the Office of the City Solicitor. Donations and fiscal controls will be managed by the Baltimore Civic Fund.

Donations will cover the costs of venue rental, audiovisual requirements, remote access requirements if needed, food and beverage, guest speakers, guest speaker accommodations as needed, entertainment, OECR and City of Baltimore premiums, insurance, transportation, parking, honorariums, and scholarships.

As noted above, the Civil Rights Breakfast is the only fundraiser the OECR holds. The Civil Rights Breakfast and Civil Rights Week 2022 programming will be held primarily in city-owned venues. Traditionally, more than 450 people attend the breakfast. Support comes from corporate sponsors. The event is attended by most of the City's elected officials, judges, City and State workers, VIPs, and regular citizens who use the opportunity to network, reconnect, and gain access to decision-makers who are challenging to reach outside of a setting the event creates.

## AGENDA

### BOARD OF ESTIMATES

8/24/2022

#### Office of Equity and Civil Rights – cont'd

A potential donor list will be composed of individuals and corporate entities that contribute to the economic, social, and cultural vitality of Baltimore City, as well as those who are working to advance equity and justice. Most of the individual and corporate entities fitting this description are not controlled donors. However, those potential donors who are controlled donors concerning the City Council or the Board of Estimates will not be focused on or singled out in any way. Indeed, they will be solicited, if at all, in the same manner as other potential donors.

Baltimore City Code Article 8, Section 6-26, prohibits solicitation or facilitating the solicitation of a gift. An exception was enacted in 2005 to permit specific solicitations that are for the benefit of an official governmental program or activity, or a city-endorsed charitable function or event. Ethics Regulation 96.26 B set out the standards for approval, which includes the requirement that the program, service, or activity to be benefitted and the proposed solicitation campaign must be endorsed by the Board of Estimates or its designee.

#### **MBE/WBE PARTICIPATION:**

Although MBE/WBE Participation requirements are not applicable to this request, the OECR does wish to share that it will be intentional in seeking the participation of MBE/WBE vendors, suppliers and service providers as it continues its planning for all aspects of “Civil Rights Week 2022.”

#### **AMOUNT OF MONEY AND SOURCE:**

\$250,056.00 - 1001-000000-1480-509200-401850

#### **BACKGROUND/EXPLANATION:**

The City has been in discussion with the SECMD for more than three years regarding planning for the 2022 Maryland Cycling Classic, a professional bicycle race that will take place Labor Day Weekend starting in Sparks, MD, in Baltimore County and ending at Market Place in Baltimore City near the Inner Harbor. On April 26, 2022, SECMD and Baltimore Mayor Brandon M. Scott signed a Letter of Understanding establishing mutual commitments for the City and SECMD to co-sponsor the race and its ancillary promotional and community-engagement events starting on Thursday, September 1, 2022, with a Community Enrichment Day; various pre-race events on Friday, September 2 and Saturday, September 3; and culminating on Sunday, September 4, 2022, with the race, a "Finish Line Festival" and exhibitors.

The City agrees to be a local sponsor of the 2022 Maryland Cycling Classic (MCC). The City agrees to provide in-kind services through the departments of Police, Fire/EMS, Transportation and Public Works for the Race and events starting Thursday, September 1, 2022, with a value not to exceed \$500,112.00 (the "Total Budgeted Costs"). SECMD agrees to compensate the City for fifty percent (50%) of the cost of these services related to the events up to the Total Budgeted Costs. SECMD will reimburse the City one hundred percent (100%) of costs incurred above the Total Budgeted Costs.

The City has agreed to provide municipal services in order to ensure a successful event. Baltimore Police Department is serving as the lead City agency coordinating these services, which include support from the Baltimore Fire Department (including emergency

medical services). The Department of Transportation and, to a lesser degree, the Department of Public Works are coordinating on making pre-race improvements, within reasonableness of cost and time permitting, as needed to ensure the racecourse meets racing standards as defined by SECMD or an appropriate sanctioning body. DOT will also assist with “maintenance of traffic” due to street closures and re-routing during the race and other events. The City and SECMD have previously agreed to the racecourse route as reflected in the map that is part of the MOU and, they continue to make pre-race preparations on joint planning, logistical coordination and promotions.

The list of the City's in-kind services and donations is described in the MOU under “City Police and Emergency Management Resources” in Section 3 and “City Department of Transportation/Department of Public Works” in Section 4. The agreed-upon values of these services are described in Exhibit 3 to the MOU and are based on detailed estimates provided by the City's Department of Transportation, Fire Department and Police Department. The total value of the City's in-kind services and donations is estimated to be \$392,277.00. These “Projected Costs” are based on the detailed estimates developed by the agencies listed above.

The City and the SECMD have agreed upon an additional “Contingency” amount of \$107,835.00 representing 27.5% of the Projected Costs, should additional services be needed from the City in order to ensure that the parties' shared goals for a safe and successful event are realized. The combined total of the Project Costs and the Contingency amount is shown on Exhibit 3 as the “Total Budgeted Costs” of \$500,112.00.

The City agrees that it will be responsible for an amount up to but not to exceed 50% of the Total Budgeted Costs, i.e., a maximum of \$250,056.00. SECMD shall be responsible for the remaining 50% of the Total Budgeted Costs by making a cash payment to the City of up to \$250,056.00 (equaling the City's share) no later than 30 days after the Race.

If the actual costs are less than the Total Budgeted Costs, then the City and SECMD will each cover 50% of the actual costs. However, if the actual costs are more than the Total Budgeted Costs, the City shall have NO responsibility to pay additional costs beyond the City's maximum, not-to-exceed contribution of \$250,056.00, and SECMD will cover the overage in addition to its contribution of \$250,056.00.

As part of pre-Race planning activities, the City will share cost projections and updates to help both parties mutually manage costs.

The current operator of the Penn Station Garage (Impark/Danas LLC) has refused to sign an amendment extending their agreement without including a limitation of liability. The PABC will not include the limitation of liability, nor would the Office of Risk Management support the inclusion. So, PABC is seeking an interim short-term operator to allow time for procurement of a new long-term agreement. An RFP for operation of Penn Station Garage along with several other facilities will be coming out shortly. In the meantime, PABC needs a new operator – and the operator of the three closest (geographically) parking facilities to Penn Station is PMS Parking.

PMS Parking has been a good partner to PABC and the City in parking facility operations; it is a local MBE and WBE, and it is willing to take over operations on short notice while operating only for a very short term. PABC believes this Agreement is in the best interest of the PABC and the City, and respectfully requests approval of this Parking Facility Operations and Management Agreement.

Department of Planning – Memorandum of Agreement

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Memorandum of Agreement (MOA) relating to Hazard Mitigation Assistance Subaward between Maryland Department of Emergency Management and Mayor and City Council of Baltimore regarding City of Baltimore 2023 Hazard Mitigation Plan Update under the Building Resilient Infrastructure and Communities (BRIC) grant program. The period of the agreement is March 18, 2022 through March 17, 2025.

#### **AMOUNT OF MONEY AND SOURCE:**

\$ 83,400.00 - 4000-459022-1874-187400-404001 - Federal

\$ 32,725.00 - 1001-000000-1875-187400-601001 - Non-Federal Match

**\$116,125.00**

#### **BACKGROUND/EXPLANATION:**

The current Baltimore City Hazard Mitigation Plan (known as the Disaster Preparedness and Planning Project, or DP3) was approved by the Federal Emergency Management Agency (FEMA) in December 2018 and develops a unified approach to hazard mitigation and climate adaptation for the city. Baltimore City has been awarded funding under FEMA's BRIC grant program to update its DP3, as required by FEMA every five years. The source of funds for this grant will come from FEMA by way of its Maryland counterpart, the Maryland Department of Emergency Management (MDEM). MDEM is sub-awarding the FEMA funds to the City. Funds will be used to engage professional services to update the hazard mitigation plan, including new mitigation strategies, a new hazard risk assessment, and corresponding actions/projects.

Pursuant to the requirements of the grant, Baltimore City commits to covering at least 25% of the total project cost through in-kind contributions of staff time or other sources contributed to the plan development. The City commits to just slightly more than the required 25% due to increased likelihood of the grant being awarded by going 'above and beyond' baseline requirements. Per the requirements of the grantor, the start date for the period of performance for this grant was tied to the opening of the application period, but the City was only notified of the award in May 2022. Thus, the period of performance is retroactive as of March 18, 2022 and extends 36 months through March 17, 2025.

The submission is late due to administrative delays.

#### **AMOUNT OF MONEY AND SOURCE:**

\$717,939.00 - 9938-908784-9474-900000-706064

#### **BACKGROUND/EXPLANATION:**

This Authorization Request is necessary for Underground Methane Mitigation & Monitoring Equipment, Additional Concrete Sidewalk, Additional Security Cameras, Additional Roof Dunnage & Steel, Fabric Air Duct Changes, Changes Near the Existing Pool House; and the addition of 76 non-compensatory days to be added to the Project Schedule. Subsequent to the award of this contract, during the surcharge pile monitoring phase, it was discovered that methane gas was present on the site. BCRP's environmental Consultant, GTA, recommended that BCRP install a methane barrier, vent system, and monitoring equipment. Whiting-Turner submitted PCO-011 for the Underground Methane Mitigation & PCO-31r1 for the Methane Monitoring Equipment.

After completion of the turf field, there was a portion of sidewalk left incomplete, to allow ingress and egress for the Whiting-Turner earth-moving subcontractor. PCO-030 is for the installation of the omitted section of concrete sidewalk on the east side of the building, between the turf field and the existing pool. During a pre-installation meeting for the security cameras, the BCRP Recreation Risk Management Team, informed the BCRP Design Team, that additional Security Cameras would be necessary to achieve coverage over the entire exterior of the fitness center. PCO-034 is for the furnishing & installation of the additional cameras, as requested by BCRP Risk Management.

BCRP Consultant Architect, GWWO Inc., issued PR (Proposal Request)-007 to Whiting-Turner, which requested a proposal to add steel pipe supports in the Natatorium & Gymnasium, as well as additional dunnage steel on the roof. After the steel was installed per PR-007, it was discovered that this caused a conflict with the already installed drainpipe in the Gymnasium. PCO-018r1 is for the costs associated with removing already installed W6 pipe support steel in the gym and relocating them to the top cord of the joist in accordance with the response to RFI-110.

##### BACKGROUND/EXPLANATION:

On November 5, 2020, the Department of Housing and Community Development (DHCD) made a commitment to Episcopal Housing Corporation, a corporation in good standing with the State of Maryland, by way of a grant in the amount of \$180,000.00, for the rehabilitation of nine (9) units in the downtown area, that will be designated for permanently affordable housing. These units are to be inhabited by citizens of Baltimore City exiting homelessness, with incomes at and below 50% of the Area Median Income ("AMI"), in an effort to create permanently affordable housing in Baltimore City.

Episcopal Housing Corporation formed 17 W. Mulberry, LLC. to purchase the properties included in this project and implement the project. 17 W. Of the 36 affordable units, the Development includes 12 one-bedroom units, 9 two-bedroom units, and 15 three-bedroom units with nine units reserved for residents with incomes at or below 30% of area median income, adjusted for family size (“AMI”), 11 at 50% AMI, and 16 units at 60% AMI. The remaining four units are market rate units.

Since the prior Board approval, construction has been completed, units leased, and the property stabilized. The Borrower has secured a Freddie Mac permanent first mortgage (“Permanent First Mortgage”) through Grandbridge Real Estate Capital LLC to take out the construction loan provided by SunTrust Bank (now Truist). The Permanent First Mortgage will be in the principal amount of \$3,650,000.00 with a term of 15 years amortized over 40 years with an interest rate of approximately 5.00%. The Permanent First Mortgage does not change the amount of debt which precedes the City’s in the lien structure from what was anticipated in the Board’s prior approval.
