Law Department - Settlement Agreement and Release

ACTION REQUESTED OF B/E:

The Board is requested to approve and authorize execution of a Settlement Agreement and Release for a lawsuit against the City filed by Donald Stockton for a personal injury claim arising from a motor vehicle accident that occurred on or about March 16, 2017.

AMOUNT OF MONEY AND SOURCE:

\$40,000.00 - 2036-000000-1752-175200-603070

BACKGROUND/EXPLANATION:

Plaintiff's 1998 Chevrolet Truck was incapacitated in the right lane of traffic on the Hanover Street Bridge, without hazard lights on. Andrew Durham, driver of the City's vehicle (Sheriff's Dept./2008 Chevy Impala), believed that Plaintiff's truck was moving, and looked down "for a moment". When he looked up, he had no time to stop and rear-ended the Plaintiff's truck, severely damaging the rear, left side and left rear corner, and injuring Mr. Stockton. The cost of his care thus far has been \$11,480.01 and he anticipates some future medical expenses. There is no question that the driver of the City vehicle was negligent, as he failed to give full time and attention to the traffic ahead of him.

AMOUNT OF MONEY AND SOURCE:

\$17,330.00 - 4000-422521-3030-271500-603026

BACKGROUND/EXPLANATION:

The requested action is an approval to pay an outstanding invoice for purchase of subscription services without a valid contract. Unfortunately, the agency, with good intentions, submitted the request to renew the contract to the Bureau of Procurement approximately fifteen days prior to expiration. Due to the volume of requisitions received by the Bureau on a daily basis this requisition was not processed prior to the new contract period expiration date.

This subscription is the only national membership organization that represents public health officials who administer HIV and hepatitis programs in all 50 U.S. states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, seven local jurisdictions, and the U.S. Pacific Island. The previous contract expired September 30, 2021. If a cancellation is not submitted to the vendor prior to expiration, the subscription is auto-renewed October 1st of each year. The previous contract was a one-time purchase and is spent down and closed. This request is to cover October 1, 2021 – September 30, 2022. As this is an ongoing subscription, the agency is advised to secure a multi-year contract moving forward.

It is hereby certified that the above procurement is of such a nature that no advantage will result in seeking nor would it be practical to obtain, competitive bids. Therefore, pursuant to Article VI, Section 11 (e) (i) of the City Charter, payment of the invoice is recommended.

BACKGROUND/EXPLANATION:

On August 12, 2020, the Board approved the Notice of Award in the amount of \$1,000,000.00 for the period September 30, 2020 through September 29, 2021, for the Resilience in Communities After Stress and Trauma (ReCAST) program.

The goal of the ReCAST Program is to reduce the impact of trauma and build resilience in Central West Baltimore communities adversely impacted by the April 2015 unrest. On December 7, 2020, the Department advertised a Request for Proposal (RFP) for community organizations to create and build sustainable, trauma informed, behavioral health solutions for young people in Central West Baltimore. Grant recipients organized and provided activities for youth (e.g., mentoring, tutoring, out-of-school time programming).

On January 4, 2021, grants were awarded to selected grantees. And because of the COVID-19 emergency, the awards to the grantees were delayed.

I Am MENtality Youth Empowerment, Inc. provided leadership development, and trauma-informed programming for male youth that promote resiliency for individuals who suffer from traumatic experiences. BACKGROUND/EXPLANATION:

This Authorization Request is necessary for differing site conditions. Upon removal of the existing slab at the deep end and shallow end of the Main pool, it was identified that the existing pool walls sat on a 2 to 3-foot stone base and did not extend all the way down to the pool floor. Therefore, in order to establish a 6' depth at the deep end of the main pool per USA Swimming Rulebook Section 103.2, the pool walls and floors were to be modified.

This change in condition included the removal of the stone base, the forming pilasters at 2-foot-wide and 6-foot on center at 24 locations, shotcrete 5000 PSI concrete as Wall Infill between the pilaster centers along deep end and shallow end wall and removal of existing floor and constructing new 8" thick floor to suit the new 6' deep end. This work is within the original scope of work. Baltimore City Department of Recreation and Parks (BCRP) and the Engineers GWWO, Inc. and Rummel, Klepper & Kahl, LLP (RK&K) have reviewed the contractor's proposal and find it to be acceptable.

Sink Support Angles:** Supply and install additional framing behind bathroom chase walls to secure and mount sink support brackets properly. Per RFI No. 90, the response from GWWO and the BCRP agree that these additional support structures are necessary. **2.) Down Spout Rain Leaders:** The original contract drawings indicated the roof downspout discharge in seven areas draining from the main building roof gutters would discharge water directly onto the pavement below. This change for the condition will require excavation and the installation of rain leaders to tie into and connect to the storm drainage system, as indicated on GWWO/MK amended drawings A1.1, A3.1, M1.1 and indicated in the RFI No. 113. **3.) Security System:** The following changes were made by the Architect to drawings E1.0 and E1.1, to accommodate a new Security System and added conduit for power circuits and A/V cable in 8 new camera locations; 6 exteriors and 2 interiors (allowing for two weather boxes per camera location and 2 new 120v circuit breakers).
