#### Department of Finance – Amendment to PILOT Agreement

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of an Amendment to the Payment in Lieu of Taxes (PILOT) Agreement for Perkins 1 Apartments located at 1401 E. Pratt Street.

The PILOT Agreement will remain in place only as long as Perkins 1 is used as low-income housing under the Tax Covenant Agreement from the development's Low-Income Housing Tax Credit financing, a period of not less than 40 years, pursuant to the other requirements of the PILOT Agreement.

#### **AMOUNT OF MONEY AND SOURCE:**

No City funds are requested at this time and the PILOT will have no impact on City revenue for the reasons discussed below.

#### **BACKGROUND/EXPLANATION:**

On March 2, 2022, the Board approved the Payment in Lieu of Taxes ("PILOT") Agreement for the Perkins 1 Apartments located at 1401 E. Pratt Street. As stated in the Board of Estimates memo for that action, the PILOT payment for the affordable units in Perkins 1 was intended to be calculated as follows:

- For the subsidized replacement public housing units, 7.68% percent of the tenant-paid portion of the rent excluding the public subsidy and owner-paid utilities, and
- For all other affordable units, 7.68% percent of the rent excluding owner-paid utilities.

This requested amendment revises inadvertently erroneous language in the PILOT Agreement to accurately reflect the intended calculation of the PILOT payment as described above. Additionally, the Amendment adds language to the PILOT Agreement to explicitly state that the 10 market rate units that are part of the Perkins 1 development are not part of the PILOT Agreement. The developer of the project has agreed to this amendment.

As described in the Board of Estimates memo from the March 2, 2022 approval, the total PILOT payment as described above is estimated at \$53,842.00 per year based on the rent schedule. In addition to the PILOT payment, the 10 market rate units will pay regularly assessed property taxes estimated at \$43,600.00 per year. The term of the PILOT Agreement is at least 40 years as long as the property remains used for affordable housing.

#### Department of Finance – PILOT Agreement

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve and authorize execution of a Payment in Lieu of Taxes (“PILOT”) Agreement for Perkins 2A Apartments located at 226 S. Caroline Street.

The PILOT Agreement will remain in place only as long as Perkins 2A is used as low-income housing under the Tax Covenant Agreement from the development’s Low-Income Housing Tax Credit financing, a period of not less than 40 years, pursuant to the other requirements of the PILOT Agreement.

#### **AMOUNT OF MONEY AND SOURCE:**

No City funds are requested at this time and the PILOT will have no impact on City revenue for the reasons discussed below.

#### **BACKGROUND/EXPLANATION:**

Perkins 2A at 226 S. Caroline Street is on the site of the former Perkins Homes public housing project and represents the fifth phase in the PSO Transformation Plan. Sponsored by McCormack Baron Salazar in partnership with the Housing Authority of Baltimore City (“HABC”), the project will include 89-mixed income units with 20 one-bedroom units, 36 two-bedroom units, 29 three-bedroom units, and four four-bedroom units. The building will include supportive services office space, a club room, a cyber lounge, bike storage, parcel storage, and a courtyard. Residents of Perkins 2A will have access to the fitness center and leasing center located in Perkins 1. The site will include outdoor amenity space, a new playground, and 56 spaces of surface parking available for residents on the property.

The project will include 50 replacement public housing units supported with Project-Based Vouchers under a new 20-year Project Based Rental Assistance contract, 11 unassisted units affordable up to 60% Area Median Income (“AMI”) adjusted for family size, and 28 market-rate units. The replacement public housing units will all be made available to residents at 30% AMI. Only the replacement public housing units and the unassisted affordable units are subject to the PILOT Agreement.

The project’s financing anticipates a first mortgage in the amount of \$12,380,000.00 through Berkadia. The project has been awarded 9% Low-Income Housing Tax Credits,

The City has issued a letter of intent for a \$2,000,000.00 HOME Investment Partnerships Program loan for the units restricted to residents at 60% or less of AMI. HABC has committed \$2,624,501.00 in Choice Neighborhoods funds and \$3,000,000.00 of American Rescue Plan Act funds from HABC’s award. Additionally, a seller’s note in the approximate amount of \$1,800,000.00 is supported by an appraisal dated April 17, 2022 by Cushman & Wakefield. The developer is deferring \$670,000.00 of their fee associated with the project as well as contributing a Commitment Refund associated with the first mortgage of \$250,000.00 as a permanent source. The governmental financing will secure a 40-year State affordability commitment as a part of the LIHTC financing, and these affordability protections meet DHCD’s test for project necessity.

In the proposed PILOT Agreement, the Developer has agreed to pay the City, in lieu of the ordinary Baltimore City and State of Maryland ordinary real estate taxes upon the date the owner acquires the property, an annual amount determined as 10% of the tenant-paid portion of the rent excluding the public subsidy and owner-paid utilities, for an approximate total of \$34,163.00 per year based on the current rent schedule. The market rate units will pay regular property taxes estimated at \$126,220.00 for a total property tax liability of \$160,383.00.

Department of General Services - Increase in Funding for Johnson Controls, Inc's (JCI)  
Energy Performance Contracts for DGS and DPW

#### **ACTION REQUESTED OF B/E:**

The Board is requested to approve an increase in funds for Master Blanket Purchase Order P525136, awarded to Johnson Controls, Inc. (JCI) for energy conservation measures and associated maintenance and monitoring services in the amount of \$2,429,242.00. The period of the contract is August 30, 2006 to February 1, 2024.

#### **AMOUNT OF MONEY AND SOURCE:**

<u>Amount</u>	<u>Account Number</u>	
\$1,497,540	2070-000000-5501-630041-603026	Utility Funds
\$ 931,702	2029-000000-1982-709500-603026	Internal Service Funds
<b>\$2,429,242</b>		

#### **BACKGROUND/EXPLANATION:**

On August 30, 2006, the Board awarded JCI a contract for the construction of energy conservation measures and to provide maintenance for all installed equipment for the life of the contract. JCI reached the final completion stage of construction on February 1, 2009. Upon this completion, the Monitoring and Verification Phase, the Guarantee Phase, and the Operations and Maintenance Phase started their 15-year term, which ends February 1, 2024.

DGS and the Department of Public Works (DPW) currently have five active projects with JCI under P525136. The projects included design and construction – which is complete – and a term of operations and maintenance and measurement and verification services for energy conservation measures. The additional scope of the projects since the initial award have warranted a funding increase to ensure continuity of service and to meet contractual obligations. DPW is requesting \$1,497,540.00 and DGS is requesting \$931,702.00 be added to the purchase order. This is a total of \$2,429,242.00.

Since 2003, DGS for the City of Baltimore has completed more than \$130,000,000.00 in Energy Performance Contracts via the Maryland Department of General Services Indefinite Delivery Contracts (versions 4 to 8), which have resulted in material savings to the City.

Department of Transportation – Extra Work Order No. 8

#### **ACTION REQUESTED OF THE B/E:**

The Board is requested to approve an Extra Work Order No. 8 for Tutor Perini Corporation under Contract No. TR01041R, Replacement of Edmondson Avenue Bridge.

#### **AMOUNT OF MONEY AND SOURCE:**

\$1,375,639.71 - 9950-902315-9506-900010-702064 (Dynamics)  
9950-902315-CAP009506-PRJ000220-SC630405 (WorkDay)

#### **BACKGROUND/EXPLANATION:**

Differing site conditions were encountered affecting production which extended the construction efforts to achieve completion. Also, different materials were encountered during footing and excavation activities. The bridge foundation was constructed in a stream valley which was subject to weather delays and damage to materials. Additionally, support and safety materials were used in greater quantity due to the extended activities.

The original contract design dated back to the 1990s and changes were made to include and then exclude the Red Line train over the bridge, the overall site condition was in worse shape than anticipated, and existing site conditions were different than expected. A new item, 433, is needed to pay for Support of Excavation which became essential when working at the East Abutment for Phase 3. Surface run off was significant and required additional material and minor engineering review to sufficiently support the work zone. The original bridge never had sufficient drainage in this area but the new bridge added it. There is also a new Item 529, HMA for roadway repairs. The intersection of Edmondson Ave at Hilton Street and the adjacent approaches were found to be in a significantly worse condition than what was expected in the Contract book. It appeared that sub surface had failed and would require excavation and removal. The original plan for milling would not be sufficient to expose the subsurface problems. It was negotiated to do deeper repairs to remove up to 17-inch depth. It was discovered upon commencing work that the failure was rarely at max depth but more likely at 8 to 10 inches.

This Change Order does not require MWBOO approval.
